Dear Robert:

I have reviewed your May 6, 2019 request for: "...All records from 2008 to the present in connection the presence of any perfluoroalkyl substances or chemicals ("PFAS") in Sedgwick County or the City of Wichita and/or the surrounding communities' land, groundwater, or water supply, or any discharge of any PFASs from McConnell Air Force Base or any other source onto the land or surface water, or into the groundwater, including without limitation any memorandum of understanding' and/or correspondence between Sedgwick County and the United State Air Force regrading such presence, contamination, filtering, monitoring, or remediation of any contamination therefrom..."

The district did not receive the request that you stated you submitted on December 13, 2019.

My response to your May 6, 2019 request is:

☒ Requested material is not maintained as a record by the school district.

Explanation: District staff have searched for the records that you are requesting and found no records.

Sincerely,

Mike Willome, Ed.D.
